

## Development of Plan B and Ongoing Preparations for RD/RA consent decree negotiations

ECL/ORC Status Briefing – August 30, 2018

### Purpose of Briefing

1. Show ECL/ORC management the Plan B Map and describe criteria used for dividing the site into eight work areas
  - a. Get approval or direction for changes of the map and/or criteria
  - b. Discuss near-term or long-term use of the identified work areas
2. Discuss PRP search efforts underway supporting development of DOJ referral and potential Plan B enforcement strategy
  - a. Booz Allen Hamilton
    - i. Updating PRP summaries/checklists with supplemental 104(e) information responses that have been received since 2014
    - ii. Filling out an excel spreadsheet meant to glean operations and release information on all PRPs with the goal of EPA staff/management identifying small contributors
  - b. ORC attorneys are reviewing PRP summaries and other info beginning with “large” contributors (identified by KK) to prepare liability summaries for DOJ
3. Get ECL/ORC management direction for moving forward with the Plan B, any additional tasks or pieces needed for Plan B or PRP information activities.
